Single Touch Payroll for employees

The way employers report your tax and super information to us is gradually changing.

This reporting change is called Single Touch Payroll (STP) and it applies to employers that have 20 or more employees.

Some employers have already started STP reporting. However, the majority of employers with 20 or more employees will start from 1 July 2018.

If your employer reports through STP they will send us your tax and super information each time they pay you. We call this 'real-time reporting'.

Don't worry; you'll still be paid the same way. However, there will be some changes for you.
